

This is a reminder **July 1st, Canada Day Parade** in Port Hope. Anyone from the Port Hope area knows the main street is torn up with construction

July 1st, we meet on Strachan St., and Bramley St. Please, park your trailers at Kings' field (28 Victoria) and drive-up Strachan St., to join us. We should be in place for 10:30 as the parade starts at 11:00 am.

We will drive down Walton St. as normal to Pine St. We will make a right-hand turn onto Pine St., down a steep hill (stay in low gear and keep the brakes working). We will continue down Pine, to Augustus, down to Town Hall for our tractor show. Don't worry I'm going to lead the parade, so you won't get lost. I know we've got 3 orange tractors coming, come on guys let's get some red and green and even some blue ones out there. I hope we can get over a dozen tractors, so bring the old girls out and shine them up and come and have some fun. The kids on the parade route love to see your tractors, just between you and me there's so much better than lots of the boring cars

They're setting up an area downtown for us to park our tractors, display them, and chat with the public. So, while we can't show our tractors at our

usual show, we *can* show them off at the Celebration at Town Hall in Port Hope.

There'll be a beer garden, vendors, and lots of people who love seeing our shiny tractors.

If you've got any questions call me. Yes, it goes whether it rains or shines.

.....

July 19 is the Szalawiga Tractor Drive July 19.

See the attached PDF for all the details. Every year I get to listen to the fun this group has as they chomp on a burger at my place. Join them for a great scenic trip thru out our back country roads.
